

ECLIPSE

TECHNICAL DATA SHEET

NO GLARE HEATER

BUILT TO PERFORM | ENGINEERED TO PERFECTION

The Tansun Eclipse is a no glare infrared heater. Constructed from powder coated black profiles, its modern sleek design will allow it to fit easily into upscale environments and it is also perfect for where heat is required but without the glare. The very latest in design and engineering, the Eclipse incorporates the most advanced ceramic heating technology, which gives the heater 35% more energy efficiency than others of its kind.

The Eclipse turns 96% of all energy into medium wave infrared heat, which is perfect for ambient, comfort heating. The radiant heat is absorbed by people either indoors or out.

KEY BENEFITS

- No Glare
- 35% Superior Heat Output
- Stylish Design
- Weather Resistant
- Zero Maintenance
